this book is deeply personal to me i want to help others trapped in the same cycle of doing at the expense of being i know how lonely and soul crushing it feels but the good news is that it doesn't have to be that way i want to help you figure out what matters most in your life and challenge you to get busy yes busy spending your limited valuable time living life in harmony with your priorities believe me i've heard plenty

of horror stories and seen firsthand the carnage that workaholism can bring to lonely families i ve listened to numerous heart wrenching accounts of hurting marriages and wounded children and i ve talked with a lot of really good people whose souls have been left drained and whose inner depth has been left dangerously shallow

work whether from home in cyberspace or in a factory or office occupies a major chunk of our time energy and soul this book seeks to make sense of our work in the world through adapting the pithy statement of the puritan william perkins to define marketplace theology as the science of working blessedly forever it is a science involving investigation not just with the head thought but also with heart prayer and hand practice but it is a science of working so the book investigates a theology of work undertaken in the light of god s blessing and purpose and our work is not just for this life but forever since some of it could last into the new heaven and new earth where guess what scripture says we will work as fully human and resurrected beings stevens gathers his lifetime of research and teaching into this book showing through biblical research and contemporary analysis the meaning of work and human enterprise it could change your lifestyle your workstyle and your soul
