continues to cast a long shadow on the future development of eu integration and which suggests that europe needs to re invent itself beyond the sphere of economics therefore it is precisely because of the current uncertainties regarding the progress of the eu and the constitutional law project that a constitutional take on the afsj is of particular importance the book investigates the meaning of non domination and the idea of justice and justification in the area of eu security regulation in doing so it focuses on the development of an afsj what it means and why it represents a fascinating example of contemporary constitutional law with interacting layers of security regulation human rights law and transnational legal theory at its core
