a terrific guide for the novice that offers a wealth of valuable information this book is academic yet written in an approachable style maureen t schwarz author of blood and voice the life courses of navajo women ceremonial practitioners the columbia guide to american indians history and culture also include the columbia guide to american indians of the lorella fowler the columbia guide to american indians of the southeast theda perdue and michael d green a major work on the history and culture of southwest indians the columbia

guide to american indians of the southwest tells a remarkable story of cultural continuity in the face of migration displacement violence and loss the native peoples of the american southwest are a unique group for while the arrival of europeans forced many native americans to leave their land behind those who lived in the southwest held their ground many still reside in their ancestral homes and their oral histories social practices and material artifacts provide revelatory insight into the history of the region and the country as a whole trudy griffin pierce incorporates her lifelong passion for the people of the southwest especially the navajo into an absorbing narrative of pre and postcontact native experiences she finds that even though the policies of the u s government were meant to promote assimilation native peoples formed their own response to outside pressures choosing to adapt rather than submit to external change griffin pierce provides a chronology of instances that have shaped present day conditions in the region as well as an extensive glossary of significant people places and events setting a precedent for ethical scholarship she describes different methods for researching the southwest and cites sources for further archaeological and comparative study completing the volume is a selection of key primary documents literary works films internet resources and contact information for each native community enabling a more thorough investigation into specific tribes and nations

for over one hundred years navajos have gone to work in significant numbers on southwestern railroads as they took on the arduous work of laying and anchoring tracks they turned to traditional religion to anchor their lives jay youngdahl an attorney who has represented navajo workers in claims with their railroad employers since 1992 and who more recently earned a master s in divinity from harvard has used oral history and archival research to write a cultural history of navajos work on the railroad and the roles their religious traditions play in their lives of hard labor away from home

the diné or navajo have their own ways of knowing and being in the world a cultural identity linked to their homelands through ancestral memory the earth memory compass traces this tradition as it is imparted from generation to generation and as it has been transformed and often obscured by modern modes of education an autoethnography of sorts the book follows farina king s search for her own diné identity as she investigates the interconnections among navajo students their people and diné bikéyah or navajo lands across the twentieth century in her exploration of how historical changes in education have reshaped diné identity and community king draws on the insights of ethnohistory cultural history and navajo language at the center of her study is the diné idea of the four directions in which each of the cardinal directions takes its meaning from a sacred mountain and its accompanying element east for instance is sis naajiní blanca peak and white shell west dook o oostíid san francisco peaks and abalone north dibé nitsaa hesperus peak and black jet south tsoodził mount taylor and turquoise king elaborates on the meanings and teachings of the mountains and directions throughout her book to illuminate how navajos have embedded memories in landmarks to serve as a compass for their people a compass threatened by the dislocation and disconnection of diné students from their land communities and navajo ways of learning critical to this story is

how inextricably indigenous education and experience is intertwined with american dynamics of power and history as environmental catastrophes and struggles over resources sever the connections among peoplehood land and water king s book holds out hope that the teachings guidance and knowledge of an earth memory compass still have the power to bring the people and the earth together

an introductory women s studies reader which offers various classic conceptual and experiential writings it contains chapter introductions which provide background information on topics including explanations of key concepts and ideas and references to the subsequent reading selections

native peoples of north america still face an uncertain future due to their unstable political legal and economic positions views of their predicament continue to be dominated by non indian writers in response a dozen native american writers here reclaim their rightful role as influential voices in debates about native communities these scholars examine crucial issues of politics law and religion in the context of ongoing native american resistance to the dominant culture they particularly show how the writings of vine deloria jr have shaped and challenged american indian scholarship in these areas since 1960s they provide key insights into deloria s thought while introducing some critical issues confronting native nations collectively these essays take up four important themes indigenous societies as the embodiment of cultures of resistance legal resistance to western oppression against indigenous nations contemporary native religious practices and native intellectual challenges to academia essays address indigenous perspectives on topics usually treated by non indians such as role of women in indian society the importance of sacred sites to american indian religious identity and relationship of native language to indigenous autonomy a closing essay by deloria in vintage form reminds native americans of their responsibilities and obligations to one another and to past and future generations this book argues for renewed cultivation of a native american studies that is more indian centered
