the greatest problem in historical scholarship theoretically and practically is the relation between historians and their subject matter the past is gone and historians can only study its remnants on what basis do scholars select certain facts from the mass of data left from the past how do they explain the interrelationship of the facts they select what criteria do they use to evaluate their subject the 35 volumes in this set originally published between 1926 and 1990 discuss and answer these essential questions faced by historians the development of historical understanding during the 18th and 19th centuries was one of the most striking features of western culture both historiography and historical thinking advanced as never before the historical movement of the 19th century was perhaps second only to the scientific revolution of the seventeenth century in transforming western thought one consequence was extensive organisation and professionalization of research which the volumes in this set reflect

this book examines the romanian mihi est construction mi e foame frică me dat is hunger fear i am hungry afraid while it disappeared from all other romance languages to be replaced with a habeo structure the mihi est pattern is in romanian the most common way of expressing psychological or physiological states by means of synchronic and diachronic corpus studies the book investigates the status of the core arguments of the mihi est structure i e the dative experiencer and the nominative state noun as well as its evolution throughout the centuries the data analysis reveals that the dative experiencer syntactically behaves like nominative subjects whereas the state noun shows predicate behavior as for the evolution of the mihi est structure the analysis shows a certain tendency toward innovation since in present day romanian it can coerce nouns coming from other semantic fields into the construction s psychological or physiological interpretation could this be another unique trait of romanian which causes it to seemingly go against the tendency of most romance languages toward canonical marking
